## ITALY SINKS ANOTHER WARSHIP

Retaliated on Fort That Fired  
on and Sank Italian  
Sailing Vessels

TURKED HAS CLOSED ALL  
ITALIAN ESTABLISHMENTS

Refuses to Allow Hospitals to  
Be Maintained Under  
Turkish Control

FIUME, Croatia, Oct. 7.—The sinking of a Turkish warship by an Italian cruiser was reported here today as a result of a hot fight at St. Juan de Medua.

The dispatches say the Turkish fort at that port had been firing upon and sinking Italian sailing vessels. On information of this coming to the Italian squadron, it steamed in and opened fire upon the Turkish forts, badly crippling and putting out of commission a Turkish warship which had sought refuge under their guns.

ITALIAN ESTABLISHMENTS  
ALL CLOSED IN TURKEY  
CONSTANTINOPLE, Oct. 7.—All Italian establishments in Turkey were ordered closed today by the government. A proposal was made to allow the Salenika hospitals, conducted by the Sisters of Charity, to continue under Turkish supervision, but the offer was refused, and the hospitals were immediately closed.

## ALL NIGHT POKER GAME ENDED WITH FATAL SHOOTING

OXNARD, Cal., Oct. 7.—Just before an all-night poker game broke up today, Cecil Bright was probably fatally wounded by Sam Moulton, another player.

There were fifty dollars in the "pot," and both Moulton and Bright claimed the pot. Moulton shot Bright through the eye, snatched the money and with pistol in hand, backed through a rear door and escaped.

## MARVELOUS PIANO S

Bartlett Music Company Are Making  
the City Ring With Music

ABSOLUTELY NO  
PIANO RESERVED

The greatest sale of the century. Bartlett's great sale of pianos is destined to be the most extraordinary sale ever made in the city of Santa Ana. We have been established since 1875. We have grown with the growth of the city. We have the largest and most complete stock of pianos here. Our motto has always been, "EVERYTHING IN PIANOS." We have lived up to it. We are up to it now.

We do not propose to advertise anything but the absolute truth. We are not going out of business. We shall continue in the future as in the past, to sell at least 1500 pianos a year in Southern California alone.

This is our great advertising sale. We want every customer to be satisfied with his or her purchase from us. Then you will recommend the Bartlett Music Company to your friends, and we will get good business from this great ten-day sale for years to come. But in order to buy pianos at these prices, you must make your choice now, as the time is getting short.

Seeing is believing—Come and see us. What we say, we do.

## BALLOONS DOWN: BERLIN II. NOT ACCOUNTED FOR

MINGO, Ia., Oct. 7.—One balloon, the Berlin II, remains unaccounted for today from among those racing yesterday. The Aero Club of Kansas City is wiring to Minnesota, Wisconsin and Canada for traces of it.

AMERICAN BALLOONS DOWN  
KANSAS CITY, Oct. 7.—Seven of the nine balloons that left here yesterday evening in the flight for the international balloon trophy, the altitude record and the Lahn cup, have descended. The two missing balloons represent Germany and France. The American balloons are out of the race and the American Club has therefore lost its chances of possessing the cup permanently. No records were broken by any of the balloons. Two descended in Wisconsin, two in Minnesota and three in Iowa.

JUDGE BORDWELL  
REFUSES CHANGE  
IN McNAMARA CASE

PORTLAND, Oct. 7.—For the purpose of exhibiting concrete evidence of their faith in the innocence of the McNamara brothers, charged with dynamiting the Los Angeles Times building, several thousand members of the local unions, the Socialist party and the Industrial Workers of the World, will parade the streets of Portland tomorrow afternoon.

Following the parade a number of men prominent in the labor world will deliver addresses.

JUDGE BORDWELL DENIES  
ANY CHANGE OF JUDGE

LOS ANGELES, Oct. 7.—Superior Judge Walter Bordwell this morning denied an application for a change of judge to sit in the McNamara case.

The denial was informal, and followed a conference between the defense attorneys and Judge Bordwell. A formal application for a change of judge on the ground of bias will be made Wednesday. The defense filed their affidavits this afternoon.

IN WALLA WALLA FOR 1912

12,000 People Assembled in  
City Park to Listen to  
Talk By President

WALLA WALLA, Wash., Oct. 7.—President Taft was tendered the Republican nomination for the Presidency in 1912 by Governor M. E. Hay of Washington here today, and the President laughingly accepted, declaring he would do the best he could.

After an automobile ride through the streets, President Taft was taken to Walla Walla city park where 12,000 persons had gathered to hear him talk.

TAFT NOW ON PACIFIC  
COAST TO WIN PEOPLE

WALLA WALLA, Wash., Oct. 7.—With exactly one-half of his big swing around the circle behind him, President Taft today began his invasion of Pacific coast territory. While today's program entered what is known as the Coast country, President Taft divided his time between Eastern Washington and Western Idaho, visiting Walla Walla in Washington and Lewiston and Moscow in Idaho, and Spokane in Washington. Tomorrow he will strike the real Pacific coast at Tacoma.

GR. LYMAN ENROUTE  
TO PORTLAND FOR  
PRISON ESCAPE

KLAMATH FALLS, Ore., Oct. 7.—Dr. John Grant Lyman, accused of swindling in Panama land sales, started for Portland today in the custody of Federal Marshal Leslie M. Scott. He faces trial in Portland on charges of aiding Federal prisoners at Klamath Falls to escape. Ed Wakefield, special guard, accompanied the marshal.

L. B. Thorne, the nurse who was with Lyman in custody here and who escaped a week ago, is still sought by Deputy Marshal Frank Beatty. Another Federal prisoner, Ray, was with Lyman, en route to Portland.

## STRIKE RIOTING ALONG LINE OF I. C. HAS ABOUT CEASED

It is admitted that many of the shops are not working, and that the imported strike breakers are being unable to perform the duties of the strikers.

JUVENILE BAND FOR REDLANDS  
REDLANDS, Oct. 7.—Redlands is to have a juvenile band, which is to be organized immediately and begin rehearsals. This will prove an excellent feeder for the Municipal Band and will no doubt be quite popular, as a juvenile band always takes well. It is expected later to be connected with the Y.M.C.A.

EARLY SEEDING BREAKS RECORD  
EL CENTRO, Oct. 7.—There is to be more September-grown barley this year than ever before in the valley, and in a number of fields the seed is already in the ground, while a large acreage is being prepared for seeding.

Each year there is an effort made to get in early grain, but usually it is October before sowing gets under way as it is this year in September.

POISONED BY MONEY  
WALTHAM, Mass., Oct. 7.—Poison from the handling of money caused the death yesterday of George F. Farnham, treasurer of the Waltham County Co-operative Bank. While counting money in the bank, Mr. Farnham scratched a small pimple behind his ear. It developed into an abscess, then into blood poisoning.

300 In Attendance

The attendance today at the sessions is good. The work is being handled in a strong and helpful way. The speakers are coming up to the highest expected of them. The Bible study work by Kellogg was masterful. The registration promises to run close to the expected 300, and the attractive programmes and badges are in demand.

The twenty-second annual convention of the Orange County Christian Endeavor Union opened auspiciously in the First Christian church of Orange last night. The pretty church was beautifully decorated in honor of the event. An immense cross of glossy ivy arrested instant attention from its commanding position above the rostrum, relieved by the tints of the wall serving as a background. C. E. emblems were suspended on either side of the rostrum, and radiating from these were streamers of purple and gold and waving C. E. pennants. The balcony of the church was festooned and everywhere were seen the purple and gold of the C. E. colors.

Auditorium and balcony were crowded, and the audience was set in tune with the service of the evening and its exalted theme, "Vision and Service," by the beautiful praise service conducted by Harold Cross, president of the Los Angeles Intermediate. Following this were impressive devotionals led by Rev. J. A. Stevenson of Santa Ana, pastoral counsellor. Announcements and appointment of committees preceded the offertory. A cordial word of welcome was given by Rev. W. A. Jackson of the Orange Presbyterian church which was beautifully responded to by Miss Jessie Flook of Santa Ana.

The address of the evening was given by Rev. Jesse P. McKnight of the Magnolia Avenue Christian church of Los Angeles, who, in his talk on the subject "Vision and Service, or Our Call and Its Answer," cited the inspired prophets of olden times as shining exemplars for the modern day Christians, who without visions cannot do effective service.

The meeting of last evening as are all of the sessions, was presided over by Herbert P. Rankin, president of

ANCIENT CANNON BALLS FOUND  
SAN DIEGO, Oct. 7.—Three rust-covered, solid cast iron cannon balls bearing the coat of arms of Spain, were brought up from the bottom of the San Diego channel by the dredger South Bay. The relics are believed to have been fired by an old Mexican ship, which was chased and captured by two government frigates during the war with Mexico in 1847.

160 Dead in Four Battles  
MEXICO CITY, Oct. 7.—One hundred and sixty are reported dead as the result of four battles in as many widely scattered localities in the south during the past three days, between the Federal forces and the opposition to Madero. The discovery of the revolt plots are said to have caused a serious break between Madero and the acting president, Francisco De La Barra.

The county organization, and the result of the meeting reflected much credit on his painstaking efforts to secure good speakers, and to outline a fine program. Indeed, as was remarked last night, the program is of sufficient merit to be worthy of a state convention.

Today's Session  
Today excellent sessions were held, the praise services of both forenoon and afternoon being led by W. H. Thomas of Santa Ana. Bible study in the forenoon was conducted by Prof. Howard W. Kellogg, Chair of Biblical Literature of Occidental College. Department conference meetings in the forenoon were conducted by the following: Evangelistic, State Field Secretary Paul C. Brown; Quiet Hour, Miss Amy P. Gordon, Assistant Quiet Hour Superintendent of Los Angeles County; Missionary, Mrs. H. W. Kellogg of Los Angeles; Citizenship and Temperance, W. H. Thomas of Santa Ana; Tenth Legion, H. G. Dean of Santa Ana; Intermediate, Miss Lillian Waghorn, Assistant State Intermediate Superintendent; Junior, Miss Mabel Culter of El Modena, State Junior Superintendent. After the close of the conferences, both department and of office work, the convention assembled in the Auditorium to listen to an address by Paul C. Brown, State Field Secretary.

A social feature of the convention was the noon-hour luncheon, the delegates assembling in the basement of the church and renewing acquaintance. This hour of relaxation was followed by a business session in the afternoon when reports were heard from officers, superintendents and committees. Officers were chosen for the coming year and a place for the 1912 annual convention was selected. After the business was over, the delegates adjourned to Nutwood Place for recreation and a box lunch. Of the afternoon services all look forward most to the sunset prayer meeting in Nutwood Place, closing with the Mizpah watchword of half past six.

Tonight's Service  
Harold Cross will lead a praise service and Rev. W. L. C. Samson will conduct devotionals. Rev. A. A. Pieters, missionary from Presbyterian Board to Korea will give the evening address on the subject "Some Characteristics of Korean Christianity." The Misses Ensign of Orange will render a duet, and Rev. H. H. Moore of El Modena Friends church will close the meeting.

Sunday's Programs  
There will be no morning session. A Junior mass meeting, led by Miss Pansy Remington and addressed by Miss Mabel Culter, will be held in the First Methodist church at 2:30, and an Intermediate mass meeting will be held at 3 o'clock in the First Christian church with Harold Cross as leader and Clyde Doyle of Los Angeles County as leader. Doyle, who is Assistant Juvenile Probation officer of Los Angeles County, will talk on the subject, "Live Wires, What-for and Why-for."

At 6:15 the young people's mass meeting will be held at the First Christian church and at 7:30 the closing session of the convention will open. The feature of this session will be the address by Dr. John Willis Baer, president of Occidental College. Miss Nan Tedford will sing "Jesus Calls Us." The new county officers will be installed by State General Secretary Arthur Gatter.

## MANY DEAD IN TRAIL OF DELUGE

The Wisconsin Flood Disaster  
Grows as Reports and  
Refugees Arrive

COUNTIES ALONG BLACK  
RIVER SUFFER DELUGE

Hundreds Homeless; Refugees  
Passed Suffering Vigils in  
Pouring Rain

BLACK RIVER FALLS, Wis., Oct. 7.—Far more serious consequences of the heavy floods along Black river and the bursting of the La Crosse Water Power Company's dam, than was first reported, are apparent today, and the disastrous news which is pouring in from various counties along the river banks, is as yet far from complete in its tale of casualties and property loss. Several persons are now reported dead and hundreds as homeless. Partial accounts of property damage in five counties has been received, and it is feared the property loss there will be enormous. It is probable the casualties there cannot as yet be estimated.

Black river is filled with wreckage as far as La Crosse, and numerous farm houses have been demolished. Communication with the farm districts has not yet been restored, and it is feared there has been much loss of life in the outlying section. Hatfield, near the big dam of the La Crosse Water Power Company, which was the hardest hit by the flood, is reported as having been completely submerged. The loss is estimated at from three to five millions.

Refugees from the stricken district here have been pouring in all morning until now 1200 are gathered here. Mayor McGill sent out a call for aid. The only communication with the outside world here is from an improvised outfit on the top of a telegraph pole, to which the operator climbed today and cut in with his instrument. The refugees are suffering greatly from exposure as a result of having kept an irksome vigil camped about fires on hillsides throughout the night, while the cold rain fell upon them.

Within the last two weeks there has been decided activity in real estate and prospective building in the vicinity that may be described as the intersections of French and F streets with Washington and Wellington avenues.

The number of available building sites of French street is gradually decreasing, and those with east front, considered by many people as a better front than any of the various directions marked out on the compass, are decidedly scarce. But with a street improved with good pavement and a boulevard on French street there is practically no difference between an east and west front, and it will not be long before French street will be

build up set clear to Washington avenue.

Re H. Seccomb, who recently paid \$4500 for a house and lot in the 1000 block, east front, has moved the house off the lot and is to build a new residence. A near-by lot owned by E. L. Tiede, a brother of A. C. Tiede, the well known fruit man of Santa Ana, will probably be built upon very soon as the owner expects to move here from the East this winter.

On Washington avenue a new \$6000 residence is to be built by Mrs. Eliza J. Gardner, who recently sold her home at 412 West Washington avenue to Frank S. Trickey. This fine structure will be a handsome addition to the neighborhood.

Negotiations have been under way by J. J. Van Wyk, a brother-in-law of Asa Vandermast, for the building of a \$3000 residence on French street, the third lot north of Wellington avenue adjoining the lot upon which J. S. Hill recently built an attractive home.

The next few weeks or months will make a decided difference in the appearance of the block on F street between Wellington avenue and Vance streets. The lots here are 150 feet deep to an alley, and being a part of the original Santa Ana East are twenty-five feet in width. That means that it takes two lots to make the ordinary frontage of lots in Santa Ana, where nearly all the subdivisions are laid out in fifty-foot lots.

O. M. Robbins has purchased from the Spurgeon Company the two lots at the southwest corner of F and Wellington, and is having plans drawn for a residence that will cost probably \$3300. Mr. Robbins has a fifty-seven-foot front. During this week the next four lots have been sold by Wheaton & Turner for the Spurgeon Company, two of them to T. E. Stephenson and two of them to Mrs. E. S. Wakeham. Both purchases were made with a view to building soon.

The property bought by Mrs. Wakeham is that just north of the new ten-room residence put up by Mrs. Bloodgood, which makes a very nice addition to the street.

In this same block, E. E. Langley expects soon to build a new residence to be occupied by him.

On F street to the north of Wellington and across the street from the handsome J. N. Anderson residence, workmen are building a bungalow for Mrs. Miranda Wells, who lives on Washington avenue. City employees are contemplating the laying of sewer pipe to supply that and any other

## FINE HOMES ARE PLANNED

October Promises to Make Excellent Record in Matter of Building

October has opened with every indication that the month will show an excellent record in building. For the first week, up to yesterday evening, permits issued from the office of Building Inspector Roper totaled \$5505. This figure cannot be taken, however, as a measure of the present activity. Just now contractors are figuring on many jobs which have been fully determined on, and for which contracts will be let in a short time. The builders just now have all they can do on hand, and for that reason new work is not being pushed forward as rapidly as otherwise might be the case.

Plans now being worked on include a goodly number of high-class residences, such as the city well may be proud of, and other improvements of an important nature. It is likely that several good contracts will be let during the coming week.

Following is the list of permits for the week:

I. D. Fox, owner and builder, 1 st. & box dwellings, 918 West Chestnut; \$175.

W. C. Huntoon, owner and builder, frame cottage, 1050 West Pin; \$480.

C. R. Green, owner and builder, frame barn, 1046 West Chestnut; \$50.

Carey R. Smith, owner, C. M. Jordan, builder, brick and concrete addition, 114 1/2 Fourth; \$1900.

P. A. Johnson & Son, owners and builders, one bungalow, 1321 Spurgeon; \$2000.

John Ayas, owner, N. L. Galbraith, builder, 3-room frame bungalow, 515 West Fifth; \$1500.

John J. Peters, owner and builder, frame bungalow, 1124 West Sixth; \$800.

### Literature Class Meets

The Tustin Literature Class of the Elwell Club met Tuesday afternoon with Mrs. Beiding on the corner of Seventeenth street and Prospect avenue. About a dozen members were present. A paper on European Travel, written by Miss Edith Purdum and previously read before the Woman's Club of San Bernardino county, was read and well received. Mrs. Frank Bennett gave a review from the October number of the Current Literature Magazine. The next meeting will be at the home of Mrs. Frank Bennett on Tuesday, October 17.

### Embroidery Class to Meet

The Richardson Art Embroidery Class No. 1 will meet with Mrs. P. W. Swartz next Wednesday afternoon, Oct. 11.

### Election Eve Social

The C. E. social, appointed for Friday evening, Sept. 29, and postponed on account of the uncertain weather, has been reappointed to take place Tuesday evening, Oct. 10, on the school grounds. Refreshments will be obtainable at a slight cost. Entertainmenters free. Chorus singing of old time songs. Yes, and that bonfire, to ward off the chilly fall atmosphere. Come and bring a friend or two.

**The Long Island Club Meets**  
The Long Island, Kansas, Club met Thursday with Mrs. W. N. Kenyon on Holt avenue. A bountiful dinner was served at noon, and an enjoyable day was spent by the members visiting with the old friends from the home town. The next meeting will be with Mrs. Henry Hillyard at Orange, the first Thursday in November.

**Tustin Meat Market Sold**  
E. F. Wollenberg sold his meat market on Main street to Miller & Walker the first of the month. The new owners will continue to conduct the business in the same location and to supply the customers with first class meat. They will aim to give satisfaction to all.

**Blacksmith Shop Closed**  
The Tustin blacksmith shop was closed Tuesday on account of a mechanic's lien, the back salaries of the men amounting to more than \$500. They expect to soon have the matter adjusted and the shop reopened for business.

**W. C. T. U. Meeting**  
The W. C. T. U. will meet Thursday afternoon, Oct. 12, at Mrs. Shatto's. Mrs. Haldeman will arrange the program. The subject to be discussed is "Health and Heredity."

**Packing House Notes**  
The Tustin Packing Co. shipped five cars of late Valencia's this week. The Tustin Lemon Association shipped one car of lemons. The Tustin Hills Citrus Association is packing late Valencia's this week, and reports that the quality of the fruit is very fine.

## CONCRETE IS SATISFACTORY

Railroads Find That Reservoirs Lined With Material Hold Oil Well

This section of the country is particularly interested in the use of concrete, owing to the high prices of other building materials, and that commodity promises to be an important factor in the future development of the great southwest. In this connection the following from the Engineering Record is of interest:

Considerable experience has now been had in the Southwest in the use of concrete for oil reservoirs and other purposes where the asphaltic oils of that section of the country remain more or less continuously in contact with concrete. The railroad companies are large users of oil, and among these the Santa Fe is a leader in such practice.

On the Albuquerque division, the division engineer, E. E. Ball, reports that concrete-lined reservoirs have not been affected by oil. Some slight effect had been noticed on the concrete floors and foundations of boiler-shops and pump-houses, where the dripping of oil on the concrete apparently caused it to disintegrate somewhat. This might be due, it is said, to the action of the oil, or it might be due to the fact that the concrete was placed during cold weather and was frosted during setting.

On the San Joaquin valley division William M. Bradley directs attention to experience with a reservoir at Rheem, near San Pablo, belonging to the Standard Oil Co., which was burned in the early part of 1910. This reservoir had a concrete lining on the sides and bottom. The lining was laid off in slabs about 3 feet thick, with a joint extending from the surface several inches into the body. These joints were intended to offset the cracking by shrinkage and apparently answered the purpose well. During the fire the oil burned down so that when it was extinguished and the basin was visited by Mr. Bradley, there was only about two or three feet depth of oil and water in it. This left practically all of the sides exposed, and an examination of them showed that some of the joints had been open wider than otherwise by the action of the fire, but there were very few small irregular shrink cracks elsewhere than in the joints. The concrete being in excellent condition.

## SOON CAME TO GRIEF

Los Alamitos Boys Who Start-  
ed to See the World Got  
Only to Anaheim

ANAHEIM, Oct. 7.—Felix Smith, aged 17, and Arthur Burton, aged 19, who left Los Angeles several days ago to seek their fortunes, have been arrested for begging. The wayward lads first came to this city to take in the carnival and in a few hours they spent all the cash they had, and without money or friends, they were compelled to beg when the pangs of hunger began to be felt. This morning the justice heard Smith's story, which was to the effect that he is a son of the railway station agent at Los Alamitos and he left home to see the world, and his friend, Burton, had accompanied him. County Probation Officer Scott secured a ticket for Smith and sent him back home, and Burton was discharged from custody and to take the first job that he was offered and stick to it. This had been promised to do.

The walnut crop of this section is being harvested and within two weeks will be completed. The value of the Placentia-Fullerton crop will probably exceed \$200,000 this year. The price is 1 cent lower this year than last, but the lower price was generally predicted. The packing-houses began receiving the first of the crop the first of the week. Nearly all of the crops this year have been sold before the harvest was well under way, but some refuse to state just what price they received.

## STOLE TO GET "DOPE"

Dr. Claycomb Loses Valuable  
Instrument Case to Man in  
Search of Favorite Drug

To the ever-lingering desire of a "dope fiend" for his favorite drug Dr. P. P. Claycomb ascribes the loss of a valuable physician's satchel yesterday afternoon. About 5 o'clock, at a time when the doctor was busy, a stranger having the appearance of a drug user came into the office. Dr. Claycomb asked him to have a seat for the time being, and a few minutes later went into an adjoining room.

Mrs. Claycomb was in the outer office at the time, but as soon as the doctor disappeared the stranger grabbed the physician's satchel, which was lying on a table, and made a break for the door. Mrs. Claycomb called to the doctor, who went in chase of the fleeing man, but he managed to lose himself on the streets.

Dr. Claycomb was not sure as to the exact contents of the satchel, but thought it contained some morphine among other drugs. It was a handsome affair, with silver mountings, and contained a number of valuable instruments. The police were notified of the theft, but had little to work on. It is thought likely that the "dope fiend" extracted what drugs he could use from the case and then got rid of it.

## OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age.  
Harmless Remedy Restores  
to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

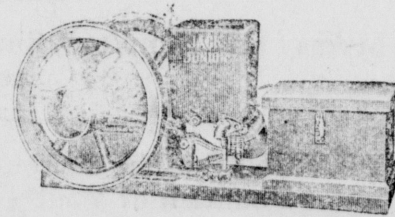

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Rowley Drug Co.

CAUSTIC COMMENT

This week's Huntington Beach News contains two editorial paragraphs that are meaty enough for the editorial page of any man's newspaper. The editor of this paper knows it to be a fact that few of our high school graduates are anything like as well educated as they ought to be—in view of the time they have been in school and the pretensions they make, or that are made for them,—and many of them are woefully ignorant in an educational sense. Not long ago one of them demonstrated the fact that he couldn't spell correctly the name of the capital of California; and another not only didn't know the difference in the meaning of the words principal and principle, but he couldn't be made to understand it clearly. Another—a young lady,—having been taken on an educational trip east, via the Santa Fe, going, and returning via San Francisco, asked on the way down from California's metropolis—"When do we get to San Bernardino?" Repeatedly have we seen them fail in the simplest kind of mathematical calculations.

But listen to the Huntington Beach News:

"The editor of this newspaper is probably a crank—that is to say, some of his opinions may differ from yours. Admitting this, he is especially a crank on school matters. He thinks that the California school system lacks a quality which, above all others, makes for real education. That quality is thoroughness. Pupils are too often passed from a lower to a higher grade when their proper place is still in the lower grade. It is only that fact, the editor thinks, which can account for graduates leaving the grammar school or the high school without a complete knowledge—a thorough knowledge—of the elementary English branches and that they do become alumni or alumnae of both schools without such knowledge is a fact indisputable. The explanation of the unfortunate truth may be any one of several but the truth remains. It may be that the California courses of study are too broad—it may be that teachers are over-anxious to make promotions—it may be that vacations are too long. Whatever the cause there is no gainsaying the fact—and a change is needed."

Then the News has this paragraph, upon which to comment would be a work of supererogation:

"It has come to our ears this week that the opponents of woman's suffrage in this city are making many intemperate remarks on the streets, in regard to women who wish to vote. Now, whether or not women who do enjoy the ballot is a fair subject of debate, but to attack by innuendo the character of women who want it—their character—so far as it relates to their womanliness, their fairness, or their intelligence—is not only unmanly or unwomanly but it is the weakest kind of argument. It is the argument of the bully and the coward. Abuse is not logic nor is denunciation argument. Let us be men and women, whatever our opinion on the subject of woman's suffrage."

MIGHTY HUNTERS OF HIGH SIERRAS ENTER DEMURRER

"Bombarding Game, But Get None of It," is the Leading of an article which appeared in the Register about Sept. 11, relative to the skill and ability of Judge West, A. J. Crookshank, R. T. Harris, Rev. Mr. Secombe and M. M. Crookshank, in bringing game into camp. Inasmuch as the writer of the article is not, we assume, on the regular Register staff, the hunting party deem it well to answer. The article says: "Each of these hunters has had the great sport of shooting nearly a keg of ammunition at the large bucks; a fresh supply of ammunition has been ordered from Corning. While deer are plentiful, they are somewhat wiser than usual, which accounts for the fact that no member of the party has shot at a buck at a less distance than fifty yards. Judge West was fortunate enough to get ten shots at one of the largest bucks ever seen west of the Rockies. Its horns were fully six feet tall. The hunters sent down to the valley for automatic guns," etc., etc.

The above article is true, with the few following insignificant and unimportant exceptions:

With the accurate and unerring skill of these hunters no buck could stand more than one shot, and so not more than one-half of a box of cartridges were used on all the bucks brought into camp, and not a day were we without the choicest venison. No ammunition was ordered from Corning, the deer were not plentiful, yet not so shy as usual. It is not true that no member of the party has shot at a buck at a less distance than fifty yards, for Judge West says he killed a beauty, though not large, standing just forty feet from him. It took one shot, not ten, to land him; his horns were not six feet tall, but on the contrary had but one fully developed horn, and this one only 3 1/2 inches long. It is claimed that this is a species of deer seldom found, and when one is brought in it is regarded as a real trophy. The judge says the horns will be on exhibition at some convenient place where they can be seen, of which due notice will be given through the public press. Automatic guns were sent for; each member of this party has the very best and latest pattern of gun for effective shooting. Automatics are used only by novices, scarcely ever by trained hunters.

With these few exceptions, we may say the article contributed to the Register is mainly true.

Attest: I have read the above and approve the same.

Facts vs. Objections to the Recall of Judges

(By Judson King, Field Secretary, The National Referendum League)  
Objection No. 11: The principle of the Recall of Judges may be all right but the percentage required on a recall petition is too small. 12 per cent for a state judge or 20 per cent for a district judge is not enough. Constant elections would result.  
To a man who has had no practical experience in getting voters to sign a recall petition no doubt, these percentages seem small, but the fact is they are large, and for these reasons.  
First, to sign a recall petition is a hostile act against a particular individual. Thousands of voters who believe a man should be recalled will not go on record against him. Dr. John R. Haynes of Los Angeles, president of the Direct Legislation League of California, is authority for the statement that it was almost impossible to get a recall petition signed up against Mayor Harper, although the whole city was in arms against him.  
Recently in Roseburg, Ore. it was found impossible to get even half of the required petition of 25 per cent for the recall of Judge Coke, even though the citizens generally believed that he had shown partiality in a murder trial, but did not think him corrupt.  
The virtue of the recall is wholly dependent upon the ease with which the recall may be invoked. With any such absurd percentage as 39 to 50 per cent of the voters it loses its value, and the corrupt or inefficient official knows that he is perfectly safe and need not fear its being brought against him.  
Both the referendum and the recall exert a powerful influence by their mere presence. Like the schoolmaster's whip on the wall, they need not be used all the time. The fact that the people have them in hand ready to use at any time makes public officials careful of offending the voters who elect them, pay their salaries, and to whom they are responsible.

This Big New Maxwell 36 hp Touring Car \$1400  
1912's Undisputed Leader

POWER, STYLE and RIGHT PRICE will determine the successful car of 1912. In building the new MAXWELL SPECIAL, the 36-horse-power Touring Car for \$1400, the United States Motor Company has developed these elements to their utmost. Never before has such a car been offered at this price.

We realized that most cars today are reliable and efficient. Therefore, we set out to build a car that would outclass all others in these three essentials.

We instructed our corps of engineers to embody abundant power and surpassing style in this new car, knowing that our purchasing and manufacturing facilities enabled us to build the car at a lower price than any of our competitors.

When we were satisfied with the car, we found we could fix the price at the surprisingly low figure of \$1400.

The new 36-hp. Maxwell Special unquestionably assumes instant leadership for 1912.

MAXWELL

Power The secret of power in the new Maxwell Special is its 4 1/2 x 6 1/2 stroke, smooth-running motor. Large valves, adjustable push rods, self-contained automatic timing system, Stromberg carburetor, dual ignition with Spilford magneto and batteries, combine to produce more power and greater speed than will ever be needed. The power is there for emergencies. Gear shifting is reduced to a minimum, as this car takes the steepest hills with ease. Other mechanical features include large clutch discs, full-floating rear axle, sliding-gear transmission, drop-forged "I"-beam front axle and Columbia Honeycomb type of radiator. Wheel-base, 114 inches.

Style The new ventilated fore-door, flush-side vestibuled steel body, with inside control is the latest thing in motor-car design. Its sweeping curves with a Columbia Honeycomb type radiator, new designed bonnet, and long, smooth flush-sides are strikingly beautiful. Finished in Royal green with Wedgwood green wheels and black upholstery, deep and well tufted, this car has an atmosphere found only in the most expensive cars. It is an aristocrat; the most artistic creation of the season.

Price The price of this car is made possible by the unequalled factory facilities of the United States Motor Company, now recognized as the leading builders of automobiles in America. No car selling for \$500 more than the price we ask can match the Maxwell Special. Comparison with other cars will prove this statement beyond argument. We urge comparison.

BESIDE THE MAXWELL SPECIAL we announce three other 1912 models:

The Maxwell Mercury, a 30-h.p. mile-a-minute Roadster, for \$1300.  
The Maxwell Mascotte, a 25-h.p. Touring Car, for \$1100; Roadster for \$1075.  
The Maxwell Messenger, a 16-h.p. Runabout, for \$675.

Maxwell Mercury, 30-h.p. Roadster, \$1300. Here is a test-proven mile-a-minute roadster with smooth, flush-side vestibuled and ventilated fore-door body.

door body. It is another instance of extraordinary Maxwell value.  
Maxwell Mascotte, a 25-h.p. Touring Car, \$1100. No car has ever achieved such wide popularity as the "Mascotte" of which the MASCOTTE is the offspring. There has never been a complaint against this car.

We regret our inability to supply all the cars of this type that were demanded this season, but the increased production next year should enable us to meet the demand. It is the prettiest four-passenger touring car you have ever seen. Made also with fore-door roadster, \$1075.  
Maxwell Messenger, a 16-h.p. Runabout, \$675.00. This runabout should have no trouble in retaining the leadership in runabouts held by its predecessor, the Model "AB." It is unquestionably the greatest utility car made.

Satisfied Owners' Free Inspection Service

To facilitate constant and unfailing service of Maxwell cars, and to eliminate unnecessary repairs caused by oversight of required minor repairs and adjustments, lack of experience in, and mechanical knowledge of, the construction and skillful operation of his car, upon the part of the owner, we have instituted a Free Inspection Service.

The few motor troubles in cars of today are generally due to neglect of unsuspected minor difficulties and can be avoided by frequent inspection and instruction as to proper adjustment.

For one year after date of purchase, a Maxwell owner may take his car to the nearest Maxwell branch or dealer once a month, if necessary, for a thorough inspection without charge.

By the use of our Free Inspection Service, you reduce trouble and repair expense to a minimum.

This monthly inspection service is in addition to the company's warranty against defective material and workmanship, as published in our catalogue.

We care for your car wherever you are.

## Social and Club Circles

### Poppies Forged Ahead

Last night was the second night of the membership contest recently inaugurated by the Fraternal Brotherhood. On the first night, the Poinsettias scored 290 points against 280 points for the Poppies. Last night the Poppies came out strong, initiating one new member, with twenty-one of the Poppies side being present. The score last night stood, Poppies, 420 points; Poinsettias, 205, with a total for the Poppies of 700 points, and 495 points for the Poinsettias.

The Poppies are under the captainship of Mrs. Neva Sutton, and the Poinsettias are captained by Mrs. Ella Greenleaf.

Last night was the regular dance night of the Brotherhood and the dancing was enjoyed by about twenty-five couples.

### Hears Brother Will Recover

Dr. H. E. W. Barnes this morning received a telegram from Chicago stating that his brother, Dr. S. M. Barnes, of 222 Orange avenue, Santa Ana, was operated on in St. Luke's Hospital this morning in that city, that the operation was successful, and that a speedy recovery is looked for. This is the second operation Dr. S. M. Barnes has undergone within a week, he having been taken dangerously ill in Chicago while on his way to Philadelphia to consult specialists. His wife and daughter, Mrs. Bishop, went to him as soon as possible, and are now with him. The telegram stated that no complications were expected to follow the operation.

Dr. S. M. Barnes is a retired physician who came here to locate, and is a brother of Dr. H. E. W. Barnes. He and the members of his family have made many friends here who will be sorry to know of his illness, and who will join in the hope that the prediction of a speedy recovery may be realized.

### Trying for the Best

A most praiseworthy movement has been inaugurated by Director Gustlin of the Orange County Conservatory of Music. It is a movement for the securing of first class musical attractions for Santa Ana, by the guarantee of patronage. There can hardly be any doubt that the plan will be furthered by the people of Santa Ana. It is a well known fact that no city of any pretensions to culture and a refined social life can substantiate such pretensions without a generous and substantial appreciation and patronage of that which is best in the world of culture, whether it be music, art, or any of the other concrete expressions of that which feeds the mind and soul.

Mr. Gustlin is an exponent of music art that more than any other has a universal constituency. He is building up an institution here that will foster and develop the musical tastes of the youth of the community, and that his work really is appreciated is shown by the patronage his institution is receiving.

There is no other one thing that will aid as much in advancing musical taste among the young people of Santa Ana as bringing before them the very best in the music world that we can secure, that they may see the rich results of developed and artistic musical training. To do this, there must be such a concerted effort among the people as Mr. Gustlin suggests.

### Orange County Mothers' Picnic

That every mother of children of school age or younger, of Orange county, who has heard of the picnic being planned for them, is beginning to make arrangements and plans ahead for the occasion, is the hope of the committee now in charge of the program.

We need more frequent mothers' meetings; we want to help mothers who fully realize their responsibility and yet are unable to solve the thousand and one perplexing problems connected with the management of the home. If you need advice, come and get it. We have engaged several good practical speakers.

If you have anything you wish to contribute to the program, notify the chairman, Mrs. F. H. McBee, 636 Ross street. In case it should rain, the armory has been spoken for, so the picnic is sure, and the assurance of a grand affair is certain. Come and bring lunch. Program begins at 10:45 a.m.

### Hard Times Social

(Continued)

I just happened into Santa Ana last night, and I was mighty glad I did, for I was going out on North Broadway about 8:30 p.m., and stopped on the corner north of the county jail and looked over the grounds, and thought, well, you fellows in there don't feel any worse than I do, for I was hungry and lonesome, too. Then I saw a crowd going in at the South Methodist church. (So I just kept a lookin' and I saw a couple of colored ladies go in with their baskets and bundles

and some white people went in, too, with their toes out and patches on their knees. Well, I thought they didn't look any worse than I did, so I just stepped in. I had heard they always had something good to eat. I saw some women, some with sunbonnets, some with hats of all descriptions and some with none at all. One woman had an umbrella. It looked like the one I threw away last summer, but I don't think it was, for Gilbert Williamson got that.

Well, I just sat down for a while; then they sung a piece, then a short business meeting was held. Then Mrs. Greenleaf spoke a piece about the "Raggedy, Raggedy Man." Miss Hester Covington played a beautiful piece on the piano. Ben Reiland sang a solo while Roy Elliot played the guitar. One of the colored ladies spoke a piece, and then one of the colored gentlemen got up and spoke one, too. And the male quartet sang a song called "Mamma's Po' Little Lamb." Then they invited me to the basement, where they had some good things to eat.

Everybody liked the beans. The ginger bread was just "like mother used to make." The butter-milk and ginger bread is the best I have had since I left Missouri.

Frank Greenleaf and I would like to know who owns that good cow. Every body went home with a smile on his face, and I felt better, too.

### Baking Contest Prizes

The beautiful special prizes to be awarded in the now famous baking contest inaugurated here by Mr. W. K. Mitchell, who is successfully exploiting the Globe A-1 flour, of Los Angeles, are being exhibited in the windows of the several stores where they were purchased. They are beautiful, every one, and the fair women of Santa Ana, who formed the attractive part of this Saturday afternoon's throng on Santa Ana's business streets, were enthusiastic in their admiration of them.

Have YOU seen the prizes, Fair Lady? If not, come down town to night and gaze on those lovely sterling silver trophy cups that reflect the rays of the electric light in the window of E. B. Smith's jewelry store; that dainty silk petticoat at Rankin's; that alluring rough-neck sweater at W. A. Huff's, and those elegant brass vases at Merigold's. After feasting your eyes on the enticing prizes, one or more of which may be yours if you are a skilled housewife, it would not be surprising if you went home as fast as those daintily shod feet of yours would carry you, and burned the midnight oil in a practice effort on that favorite cake of yours or the flaky bread you know so well how to make. Well, the reward is worth all sorts of honest effort.

Mrs. Rowland, president of the Santa Ana chapter of the American Woman's League, the endorsement of which is to reap the financial benefits of the contest, is enthusiastic, with all the other ladies of the chapter, over the outlook for the success of the contest.

### A WARNING WORD

From the Herpicide Girl

You are becoming bald. The hair is cutting thin on the top of your head and unless you take any advice you will, before long, be as hairless as a croquet ball. Remember, too, that chronic baldness is incurable. It is all due to dandruff. I can tell, because you always have dandruff flakes on your coat collar. Besides being an indication of impending baldness, it also suggests untidiness. Newbro's Herpicide will kill the germ that accumulation of scurf skin and stops falling hair.

You are not taking any chances when you purchase Herpicide and you are tempting fate when you use anything else. Herpicide has thousands upon thousands of satisfied users who testify to its germ destroying and hair preserving qualities.

Your druggist is authorized to guarantee one dollar size bottles. The best barbers recommend and use it. Send 10c in postage to The Herpicide Co., Dept. R, Detroit, Mich., for sample and booklet.

### Attention

Santa Ana Hive, No. 7. Ladies of the Maccabees, is cordially requested to be present at the next review, on Tuesday, Oct. 10, to celebrate. A banquet and good time. Review starts promptly at 7:30.

### Card of Thanks

We wish to thank our friends and neighbors for their sympathy and many kindly acts during our recent bereavement in the loss of our mother.

MR. and MRS. F. M. CULVER, MRS. ADDIE BLAZER.

Highly Recommend the Schumann. Santa Ana, Calif. to the Bartlett Music Co.

Dear Sirs:—

We have a Schumann piano that we purchased of the Bartlett Music Co., and we are more than pleased with it and can highly recommend it to any one wanting a sweet toned instrument.

MRS. W. R. NEWMAN.

### SANTA ANA TO HAVE NEW MULE MARKET

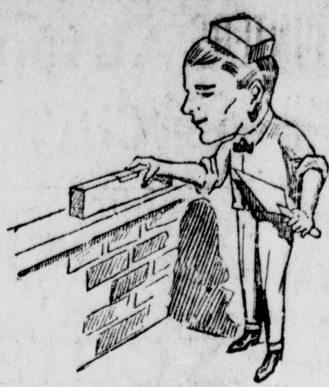

D. W. Sturgeon of Dodge City, Kansas, shipped a carload of Kansas mules to Santa Ana this week and it is his intention to establish a permanent mule market here. Mr. Sturgeon has been engaged in mule raising for the past fifteen years and comes here well recommended as a citizen and a thoroughly well informed man in his line of business.

Mr. Sturgeon's interests here are in charge of W. A. Lowman of 214 South Broadway, who recently came here from Dodge City and will make his home here.

The first carload shipment of mules are now offered for sale and can be seen at the address above.

## Personals

Miss Mabel Skinner of Montrose Colorado, spent yesterday in Santa Ana, the guest of Mrs. L. N. Var Cleave of Halesworth street. She returned last evening to Los Angeles where she has been spending the major part of the summer. Miss Skinner, who was taken by Mrs. Var Cleave on a ride over Santa Ana and through the lovely environs of the city, was charmed with this section. She returns to Colorado next week.

Mr. and Mrs. Terry Stephenson and small son Teddy, left last evening for Fresno, where Mrs. Stephenson will visit with her family for some time. Mr. Stephenson will return here Sunday evening.

Mrs. John Traylor and little son came down yesterday from Pasadena on a visit to her mother, Mrs. Ella Palmer, and Mr. and Mrs. J. P. Baumgartner. Mr. Traylor will arrive here this evening for an over-Sunday stay. Another pleasant day in the City of the Angels was spent by the Frenches today. Mr. and Mrs. French and Miss Ethel going to the city on an early trolley car.

Mrs. Arthur Lyon was a visitor in Los Angeles today.

Mr. and Mrs. Walter Congdon and son were a family group traveling cityward on an early electric car this morning.

Rev. and Mrs. Chas. H. Secombe had business in Los Angeles today, making the trip on the 1:40 trolley.

Miss Allie Hallett Taylor, teacher of expression in the high school, spent the day in Los Angeles.

Miss Everett, teaching English in the high school and Robert Payne of the student body, were busy in Los Angeles today looking up data for coming debates.

Mr. and Mrs. H. E. Darling of Huntington Beach visited Santa Ana yesterday and purchased a beautiful piano of the Bartlett Music Co.

Mr. and Mrs. Fred Price and daughter, from Manhattan, Kansas, have arrived here to make their future home. Until they are permanently located they will be the guests of Mr. and Mrs. W. A. Moore of 293 F street. Mr. Price is a prominent grocery of Manhattan.

G. E. Maxwell was here today from Corona, motoring over from that city.

Mrs. J. D. Thomas has gone to Pasadena for an over-Sunday visit with friends.

J. A. Hankey is here from Bakersfield on a visit to his family.

### MORE TEACHERS FOR THE LOCAL SCHOOLS

Owing to the large increase in the number of school children it has been found necessary to install an additional teacher at the Fifth Street school, and the members of the Board of Education have authorized Superintendent Cranston to select a teacher for this position. This will fill the Fifth street building to its capacity. An additional teacher has also been authorized for the Commercial High School, to take care of the largely increased attendance there.

Starts Box Ball Alley Frank Hanna has established a box ball alley at 503½ East Fifth street, and offers to the public a clean and healthful sport. The alleys are up-to-date in every way and maintained in the best style.

A LITTLE GEM Santa Ana, Cal., Oct. 2, 1911. The Bartlett Music Co. Los Angeles, Cal.

Sirs:— Am pleased to give a word of praise for your fair dealing and like my piano very well indeed. The Schumann is a little gem.

## BIG FURNITURE SALE OPENED THIS MORNING

Today Ira Chandler & Son begin a big special sale of furniture, carpets and rugs, and judging from their full page announcement in Thursday and Friday's issues of the Register, they are offering rare inducements to furniture buyers. Reduced prices throughout the store, and other special inducements are features of the sale which already is assuming large proportions.

The purpose of this sale is to reduce stock to make room for several carload shipments of new goods, and the sale will continue until this has been accomplished.

The store has been the scene of great activity today and will be kept open until 9 o'clock this evening for the accommodation of those who could not come in during the day.

### STANTON'S TREASURY IS SADLY DEPLETED

There was a short session of the city trustees Wednesday night. Trustee Muller was absent, being in Los Angeles temporarily. He is expected back in a few days and intends to remain a citizen of Stanton.

On account of the city treasury's emaciated condition it was decided that no more road work will be done for the present. It will be but a short time, probably, until rains will begin to fall and roads will then be in better shape. Next spring, with the treasury replenished, it is the purpose of the board to put all the roads in good condition as far as possible with the funds available.

E. F. Stahl has moved here from Los Angeles to take charge of the ranch which he recently purchased from E. K. Muller. His household goods were hauled out from the city on Thursday by W. H. Kennedy.—Anaheim Gazette.

### Ask Your Physician

—It is not necessary for any woman to take our unsupported word for any statement we make. In fact, she can easily satisfy herself as to the efficacy of Rexall Vegetable Compound, if she will come to us, let us acquaint her with the ingredients contained in this preparation, and then ask her physician his opinion of the treatment.

The formula, after which Rexall vegetable Compound is put up, is the same as used by a reputable successful physician in treating such ailments. Since it has been on the market, the efficacy of this treatment has been demonstrated in hundreds of cases, and today so positive are we of the results one may expect from a treatment of this preparation, that we offer to refund any money you may have paid us for Rexall Vegetable Compound, if it fails to produce beneficial results in your own case.

Bear in mind that Rexall Vegetable Compound may be obtained only at our store.—The Rexall Drug Store. Price, \$1.00 per bottle. Dean's Drug Store, 6

### LOS ANGELES PRODUCE MARKET

The situation in the market for fresh fruits remained about the same as on the previous day. Business was in only moderate volume, and with stock of everything to require, there were few changes.  
Table grapes continued in heavy receipt, but the market was weak. Tokays were quoted around 75 cents a lug box.  
Peaches were in fair receipt, but there was little call. The best was offered at 75 cents a lug box.  
Bartlett pears were fairly steady. Good stock was offered at 5 cents a pound.  
Melons were in fair receipt, but there was very little call for either. Watermelons were quoted at 1 cent a pound.  
Light receipts of blackberries, and a good demand, forced the price up 1 cent. Strawberries were in fair demand and the top figure was 8 cents a box.  
Apples continued in heavy supply. The market ruled a shade firmer on most of the stock. Receipts were 10,403 boxes.  
There were no new arrivals of California potatoes from the north, and deliveries were light, being 2680 sacks. The market was a shade firmer.  
There was nothing new in the onion market. Receipts were 335 sacks.  
Light receipts and a good demand advanced the price of cucumbers to 50 cents a lug box.  
The egg market was unchanged. The market ruled firm under light offerings. Receipts were 17,556 pounds.  
Butter receipts were 17,556 pounds. The bulk of the receipts were of the better quality, prices of which were well sustained.  
Cheese receipts were 56 pounds. Dealers had to draw on storage stock to meet the demand. There was no change in quotations. Dealers assert that if there is no increase in the receipts shortly, that prices will advance, most of the surplus stock in storage has been withdrawn, and there is a scarcity of the fine cream stock.  
Sweet potato receipts were 367 sacks. Bean receipts were 1669 sacks.

## IN THE JUSTICE'S COURT

### LET HORSES DIE IN OPEN

Newhope Rancher Taken in for  
Maintaining Nuisance in  
That Section

Wallace J. Berry, an aged resident of the Newhope district, was before Justice Cox this morning on the charge of maintaining a nuisance. Berry, it is said, has been devoting himself to gathering in old and decrepit specimens of horse flesh, which he would take to his Newhope place, and where, according to the neighbors, they were dying off at the rate of one or two a week.

Last week some of Berry's neighbors made complaint against him to

County Physician Wherley, who made an investigation.

It was found that last week a horse had died on the place, and that after the carcass had lain on the ground for two or three days Berry skinned it, and then left the remains two days longer before burying them. Other cases of a similar nature had occurred in the past, it was claimed. Dr. Wherley swore to a complaint charging Berry with maintaining a nuisance.

When presented in court Berry was exceedingly dirty and unkempt, indicating an entire lack of care as to his personal condition. It was thought best to give him a period in jail in order to get him cleaned up, and Justice Cox set the preliminary hearing for November 2, with bond of \$50.

This Berry was unable to give. It is thought likely that after he has been put in shape some of his relatives may take charge of him.

Later it was decided that as Berry has a quantity of stock on his place he be released on his own recognizance, on condition that he take care of the stock properly and clean himself up. He cheerfully agreed to these conditions, and promised that there would be no more trouble from him.

## AT THE COURT HOUSE

### COUNTY WILL BUY SPRAYING MACHINE

Horticultural Commissioner to  
Operate Against Spread  
of Insect Pest

The Supervisors held a brief session this morning and authorized the clerk to advertise for bids for a spraying machine, to be under the direction of the Horticultural Commissioner. Recently complaints were made to the board that insect pests were not being properly kept down, and it was also stated that every spraying outfit in the county was now in use. The new machine is to be used to prevent the "bugs" from getting the best of the fruit.

The bonds of the Anaheim Union High School district, to the amount of \$35,000, were ordered advertised to be sold on October 24, at 11 a. m.

The board adjourned until October 16, when it will meet to canvass the votes cast at the election next Tuesday.

## To Quiet Title

Carrie F. Holder this morning filed suit against Sallie P. Marsh, administratrix of the estate of T. P. Marsh, to quiet title to four acres of land in the northwest section of the city. It is alleged that the property was conveyed by H. F. and S. A. Towner to T. P. Marsh and his daughter, the plaintiff, and that sole title now rests in her.

## Marriage Licenses

On Oct. 6—Parnie E. Sharpe, 36, and Modena E. Newman, 34, both of Coronado.  
On October 7—Frank W. Carpenter, 50, and Catharine T. Leader, 44, both of Santa Barbara; Harold A. Livingston, 25, of Los Angeles, and Alleda de Lauriers de Larmadeau, 28, of Oakland.

## WOULD NOT GIVE IT UP

Santa Ana, Cal., Oct. 2, 1911. The Bartlett Music Co.

Sirs:—We like our Autopiano, that you sold us, very much, and we would not give it up if we could not get another like it.

MRS. P. C. DIETRICH,  
902 Grand Ave.

## PROTEST TO BE FILED

Citizens Object to Ordinance  
Allowing Bicycle Riding  
on Sidewalks

At the next meeting of the City Trustees it is probable that a protest will be filed against the passage of the ordinance introduced at the last meeting, providing that during muddy weather bicycles may be ridden on the sidewalks in the residence sections of the city. There has been considerable objection to the ordinance evinced, and during the last two days a remonstrance has been circulated for signatures, with the idea of presenting it when the ordinance comes up for final passage.

The objection to the ordinance is based on the ground that the riding of wheels on the sidewalks, besides greatly littering them up, will be very dangerous to pedestrians, particularly children.

Well Known Resident Satisfied  
Santa Ana, Cal., Oct. 2, 1911. The Bartlett Music Co.

Sirs:—We are very well pleased with the Autopiano that we purchased of you and feel that we could not have done better.

## BEEKEEPERS CLUB DISCUSSES FOUL BROOD

The regular quarterly meeting of the Orange Beekeepers' Club was held in the Supervisor's room at the courthouse this afternoon. About thirty members were present.

County Inspector Pleasants made a report on a recent visit he made to Los Angeles County to investigate the reported appearance of European foul brood there. He found that the disease was prevalent in the vicinity of Monrovia and Duarte. This disease is entirely distinct from the American foul brood, such as is commonly known.

Mr. Bixby, a leading apiarist of Covina, gave a talk on European foul brood and the best means of fighting it. The club will advocate strenuous measures to prevent the disease getting a foothold in this county.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## NEWS BUDGET OF FAIRVIEW

FAIRVIEW, Oct. 7.—Mr. Meyers is one of the first farmers to begin plowing. He has two plows going, both attached to his gas engine.

Bean threshers are laid off on account of the showers of last week.

Mrs. C. M. McClintock is home again after several months visit in the east.

Mr. Mitchell, superintendent of schools, visited the school on Thursday and was pleased with it. There is a large attendance this term and the school is still growing; there is already more pupils than the desks will accommodate.

Mrs. Heath spent Saturday and Sunday in Los Angeles. Her niece and nephew accompanied her and will remain for the school term.

Mr. McKenzie of Oklahoma has bought the Hunton place and is moving his family here.

Mr. Shiffler is building a fine large barn.

Mr. and Mrs. George Hess of Garden Grove and Mr. and Mrs. H. M. Hazzard took dinner Sunday with M. A. Baker and family. Mrs. Hazzard was formerly Miss Carmine Hess.

Mr. and Mrs. T. S. Harlin and children were among those who attended the Anaheim Carnival on Wednesday. Irene Harlin rode her pony in the parade. Her decoration of red and white was very pretty.

Mr. and Mrs. Lewis Sutcamp of Indiana are visiting their cousins Mr. and Mrs. Krusenklau. They like it so well here that they have decided to purchase a home.

Mr. Hayhearts' house is nearing completion and it will not be long till the family will be living here.

## California: It's History and Romance

By JOHN S. MCGROARTY

California's Most Loved Writer, Word Painter, Historian and Poet

### The Book

was written to meet a special demand. It is the only one-volume history ever published which gives the whole story of California. Thoroughly indexed, reliable, righting many wrongs, condensed into ten chapters, more interesting than a novel and is, all in all, the most wonderful, fascinating, interesting and valuable work ever published in California. Splendidly bound, size 9 1/2 x 6 1/4, about 400 pages, printed in good readable type and beautifully illustrated.

### What It Means to California

The author has made this history a book that will stand for all time to come as a "Masterly Literary Production." It will be purchased by thousands of tourists and eastern people who are contemplating a western tour, as a guide. It will prove one of the greatest advertisements for California ever published and is just the book for you to send to any relative or friend whom you are anxious to have come to California, because it will make them want to come. California's story told as only John S. McGroarty can tell it.

## What Has Already Been Done

\$10,000.00 worth of these histories have already been sold to private individuals in advance of its publication. Many leading lawyers, including the supreme court, bankers, doctors, capitalists, manufacturers and real estate men of the state are already patrons of the work. Its greatest endorsement is its author. Some of the leading historical critics have been secured to review the work in MS form and they pronounce it the best that has ever been written on California, and in unsurpassable style and form.

25,000 copies will be sold in California alone for Christmas presents. It will be the best present in the "book world" for members of your family, especially for students, and for eastern friends. The rush on the book is now on, and we advise that you place your order at once with your bookdealer for future delivery, as you may appoint to insure its delivery.

The Grafton Publishing Company, publishers of the West Coast Magazine, are the publishers of "California: Its History and Romance." In order that it may help the publishers in the rush that is now on and assure you the copies wished, the following coupon has been made to carry a cash value if used prior to October 15, 1911.

The publishers urge the use of this coupon as it will greatly aid in the publishing of the work. It is absolutely the same as cash, as the retail price is \$3.50 per copy.
